# Anti-Money-Laundering Policy

## 1 Purpose and Scope

This Policy establishes the minimum standards for detecting, preventing, and reporting money laundering and terrorist financing across all business units. It applies to every employee, contractor, and affiliated agent.

## 2 Definitions

"Beneficial owner" means any natural person who ultimately owns or controls 25 percent or more of a legal entity customer. "Politically Exposed Person" (PEP) means an individual entrusted with a prominent public function.

## 3 Customer Due Diligence

The firm shall verify the identity of each customer before establishing a business relationship. Standard Customer Due Diligence (CDD) requires collection of legal name, date of birth, address, and a government-issued identification number.

## 4 Enhanced Due Diligence

Enhanced Due Diligence (EDD) applies to higher-risk relationships.

## 4.1 Risk Triggers

EDD is required where the customer is a Politically Exposed Person, is domiciled in a high-risk jurisdiction, or conducts transactions that are unusually large or lack an apparent economic purpose.

## 4.2 EDD Measures

For relationships subject to EDD, the firm shall obtain senior management approval before onboarding, establish the source of funds and source of wealth, and conduct enhanced ongoing monitoring with a review frequency of no less than every twelve months.

# 5 Suspicious Activity Reporting

Employees must report suspicious activity to the Compliance Officer within 24 hours of detection. The Compliance Officer shall determine whether a Suspicious Activity Report is warranted and, if so, file it within the regulatory deadline. Tipping off a customer that a report has been filed is strictly prohibited.

# 6 Record Keeping

All CDD and EDD records shall be retained for a minimum of five years after the end of the business relationship.
